

Leica Rugby 100, Rugby 100LR and Rugby 200

1. Knockdown Warranty Policy

1.1 Terms and conditions

In addition to the standard Leica Geosystems 24 month warranty, the internal self-leveling system of the Rugby 100, Rugby 100LR and Rugby 200 is covered regardless of failure for 24 months. Should any accident or knockdown occur within the knockdown warranty period, all repairs to the internal self-leveling assembly will be covered under the knockdown warranty policy.

For any further questions as to the warranty coverage, please contact your dealer or sales representative.

For more information on the scope of the standard warranty, please refer to the Standard Leica Geosystems International Limited Warranty that can be downloaded from the Leica Geosystems web site under www.leica-geosystems.com/internationalwarranty/
